

(ISC)² Chapters Mission Statement

The mission of the (ISC)² Chapter program is to provide members and other security professionals with the opportunity to share knowledge, grow professionally, raise security awareness and advance information security in local communities around the world.

Sponsorship with the (ISC)² San Francisco Chapter

Advancing Information Security in Your Community

Help Promote Information Security Awareness

An (ISC)² Chapter provides its members the opportunity to share knowledge, collaborate on projects, and promote security awareness to the community at large. Sponsorship of our chapter helps us to achieve these goals and much more! As threat levels increase, the security and stability of our future demands that we take action now to counter these threats against us, our society and our prosperity. With your help, we can achieve a safer and more secure community.

Benefits of Becoming an (ISC)² Chapter Sponsor

There are several benefits to being a sponsor of an (ISC)² Chapter. Brand name, service and reputation recognition, opportunities for engaging a talented pool of information security professionals, and helping strengthen community organizations in need are just some of the ways your sponsorship will help. By becoming a sponsor you can help ensure:

- Positive impacts on local community organizations in need of strengthened information security systems and practices.
- Promotion of infosecurity awareness to children, adolescents and the elderly.
- Your organization's visibility to a growing population of infosecurity professionals helping to market your products and services

In Return for your Generosity

(ISC)² San Francisco chapter will provide benefits to sponsors as gratitude for their support. Most all levels of sponsorship can expect the following:

- Corporate logo and links displayed on chapter website.
- Promotion of sponsor at chapter events
- Featured logo on monthly chapter newsletter
- Other benefits as determined by sponsorship tier

“Sponsoring an (ISC)² Chapter will provide you with the ability to connect with new prospects, promote visibility of your business to the information security community and help strengthen community organizations in need.”

Understanding how to Become a Sponsor

Individuals and organizations are welcome to sponsor our (ISC)² Chapter. To become a chapter sponsor, refer to the following:

Sponsorship Tiers

- Platinum - \$5000 annual contribution
- Gold - \$2500 annual contribution
- Silver - \$1000 annual contribution
- Bronze - Less than \$1000 annual contribution
- Special Event Sponsor - One time event cost
-

Chapter sponsorship has different benefits depending on the sponsorship tier. We have created a document detailing the specific benefits for each tier.

How to Get Started

To become a sponsor, please complete a brief questionnaire indicating your preferences for becoming a sponsor. Submit it to sponsorship@isc2-sf-chapter.org. The sponsorship questionnaire can be found at www.isc2-sf-chapter.org under the link for Sponsorship.
